# Alexandra, the Little Mycenaean

I had an argument with my best friend Theodora yesterday.  
Where we live, outside the city walls of MYCENAE, all our neighbours  
smile whenever they see us, as if they're thinking to themselves,  
"Just look at ALEXANDRA and THEODORA, they're inseparable!"

We do everything together. Every morning,  
as soon as the big GATE opens, we run up the hill to the CASTLE.  
And when we pass beneath the big STONE with the LIONS,  
we roar like the real lions up in the nearby mountains.
